

SVMS Tip Sheet #13: Cures Reports

CURES Reports:

1. Search for the patient as you normally would.

Patient Demographics

Last

First

SSN

DOB / /

Sex ▼

Extended Search

2. Click **View Selected Charts**
3. At the top of the Patient Chart, there will be a CURES button.

👤 QM00014823 Doe, John (01/06/1990 - 31 Years Old F)

READ ONLY **CURES**

Clinical Results | History | Summaries | Search

Clinical History | Labs | Fast Labs | Deleted

4. Click on the **CURES** button.
5. If the patient has a report, it will display, if not, there will be no results returned. You can print the report to PDF, but this will count in the State database as checking CURES.
